TWO WAYS TO VOTE: ONLINE OR ON-SITE

Mail-in ballots will *not* be used this year.

Online voting is easy and only takes a minute or two. Or if you'll be at the IJA Festival, you can vote there in person on July 22, 2015.

Here are the nominees for member of the IJA Board of Directors:

Thanks for participating in the 2015 IJA Board of Directors Election.

Candidates for Member of the IJA Board of Directors and Their Candidacy Statements

Noel Yee

My Name is Noel Yee and I have served on the Board of the IJA for the past two years. I am a juggler/ flow artists and am also the flow show director of the fund the flow arts 501c3. I have learned so much being a part of this board and participating in the board meetings of the IJA. I helped facilitate the IJA flow tricks of the month in 2014, co-directed the shows at the 2014 IJA festival along with Erin Stephens and traveled to Quebec for a site visit as the IJA Board Representative for the 2015 IJA festival.

I believe that being nominated for my second term i would be a continued asset to the IJA Board. Plans for this next term are to gather strong board members that can attend regular meetings, support youth in juggling and I am very interested in learning more about the stage competition and the inner workings of it.

I am proud to have represented the IJA for the past two years as a board member and would be honored if nominated to do it for two more.

Marvin Ong

My name is Marvin Ong, I was born and raised in Malaysia, I grew up there until I was 21 years old before I moved to Los Angeles. After I moved to America, I had a really rough time searching for a community, finding purpose and finding a sense of belonging.

After 4 years being in America, I found glowsticking through the electronic music scene, from there I found poi, and from poi I found Firedrums in 2010. Firedrums is one of the oldest fire festival here in America.

Firedrums changed my life. I was expose to the fire spinning community and learned more in depth about prop manipulation in the larger scale. Firedrums was where I was exposed to 'contemporary juggling' or manipulation. I saw a french juggler named Valery Imus from the Visual Juggling Project that was created later on by Raphael Cargo (NetJuggler). I was inspired and was definitely intrigued on the style and way he was working the clubs, unlike anything I have ever seen before. Not too long after, I got myself a pair of clubs and also was ready to take on prop manipulation full on.

In 2012. I managed to start an online prop shop with my brother and making 'juggling my full time gig. Since then I probably have attended close to 100 fire / juggling festivals around the world. One IJA and one EJC. Im on the way heading to EJC Italy again this year.

I feel my main passion is to be the person I wish I met when I moved to America 10 years ago. And through prop manipulation I use it as a tool to build communities globally.

With my experience and passion towards the arts, I will be a huge asset to IJA Board.

Shivella Schwab

Hello, My name is Shivella (shu-vay-la) Schwab, and I have a passion for club passing, unicycling, and my family. We live in the southeast, and regularly attend festivals and juggling club meetings. In 2001, as a learning 3-ball juggler, I attended my first festival, the Atlanta Groundhogs Day juggling festival. It was at that same festival, in 2011, that I met my husband, and we now have a son.

My experiences include being a member of the board for a local 501c3 running club for many years, organizing and directing large and small sporting events as a profession, and as a corporate Emcee/DJ. I enjoy live event planning, connecting with people, and three count feeds.

It is my hope that through some of my life adventures and experiences, I will have some resources and knowledge that will benefit the IJA and its members. Additionally, I am always excited to learn new things and meet more people.

Finalists for the Stage Championships at the 2015 IJA Festival

Here are the finalists that you will see on stage in the Championships at the IJA fest in July.

Individuals

In 2011, **Yu Kato** (Japan) won first prize in the Japan high school juggling competition. The following year, he won fourth prize in the Japanese Juggling Festival competition. A part of his act, influenced by Komei Aoki, mixes cigar box juggling with dance.

Yusaku Mochizuki (Japan) was born in Shizuoka, Japan. He started juggling when he was studying at Tokyo Art School, where he presented his sensational act combining juggling with tap dancing and visual art. He is now working with the performance group called Enra, a world-renowned company that mixes visual art, dance, and juggling. He has enjoyed presenting his act on TV and at festivals, theaters, and events all over the world, including the Cannes International Film Festival in 2015 and Shizuoka International Buskers Festival in 2014. For him, juggling is not just entertainment, but also a way to express himself that merges art, sports, and performing arts. The theme of his championships routine is gravity, and the visual and sound effects will leave the audience roaring.

Ryuhan (Daisuke Hagiwara) (Japan) has been juggling for 16 years. He is from Shizuoka, Japan. This is his fourth IJA festival and his second time competing in the Stage Championships. He is known as a cigar box juggler, but this time, instead of using cigar boxes, he's using a new type of box.

Kento Tanioka (Japan) was born January 10, 2000. Recently he has been concentrating on his solo practice and working hard to make progress with numbers.

Kentaro Tsuchiya (Japan) from Shizuoka, Japan: "Have you ever seen juggling like this? My performance is called 'The Art of Foot Juggling.' Please enjoy this!"

Yosuke Ubukata (Japan): This is my first IJA championships and my first time in Canada. I've been juggling diabolo for four years and enjoy using bearings. I hope you will enjoy.

Teams

Mixing juggling, comedy, interaction, and live music to create their trademark style of vaudevillian funk, **The Blingling Bros** (Paul "Showtime" Klaassen and Mark "The Catching Machine" Williams) put on energetic, impressive live shows that appeal to young and old alike. Based in Auckland, New Zealand, The Bros are known for always establishing a great connection with the audience and delivering quality circus entertainment with a fresh modern approach. They were the Supreme Award Winners in the 2014 New Zealand Circus Awards.

JUGHEADS Youth Juggling Co., LLC (established in 1994 and based in Edina, Minnesota, USA) has more than 120 members and features school year clubs, summer camps, an annual variety show production, and many special events. The virtues of good personal character, long-term friendships, and mentorship undergird every aspect of the company, with juggling as a means to these goals. With direction from coaches Chris Lovdal and Jon O'Connor, the Jugheads' Ultimate Club put their minds and hands together to create this tribute to teamwork, "Sweet 16." JUGHEADS was founded by Paul Arneberg and is the full-time vocation for him and his wife, Wendy. This is the 20th consecutive year that the Jugheads have attended the IJA Festival. Competing in this year's Teams Championship are Taylor Claeys, Jacob Cowan, Nick De Boom, Cole Dunbar, Elise Johnson, Reid Johnson, Sam Karschnia, Steven Karschnia, Riga Moettus, Maddie Rodbourne, Max Schleck, Laura Schroeder, John Sticha, Liam Thompson, Chris Van Hoomissen, and Daniel Van Hoomissen.

kentokaito is the Tanioka brothers: Kento and Kaito from Higashiosakashi, Osaka, Japan. Together they represent a new generation of juggling. Both boys started juggling at the age of six.

Juniors

Delaney Bayles is from Salt Lake City, Utah, USA. She is a Skyline high school student who has been juggling for almost four years. Her recent accomplishments include three world records in juggling, a bronze medal at the International Juggling Festival, and the 2013 junior's Title at the World Juggling Federation. When she's not juggling, you can find Delaney snowboarding on the slopes of the Wasatch Mountains. Delaney is coached by Richard Kennison.

Patrick Fraser has been juggling since he was 10 years old and has performed on the IJA festival stage four times before. When not juggling, Patrick is pursuing his interests in theoretical physics. He is from Stratford, Ontario, Canada.

Bonjour. Je m'appelle **Max Poff**. J'habite dans Cincinnati, Ohio, USA. I put the jeez in juggling and the aayyyyyy in IJA ... without any 360s.

Kaito Tanioka was born October 22, 2001. Recently he has been focusing on his solo juggling and especially his pirouettes.

Daniel Van Hoomissen is a 15-year-old boy from Edina, Minnesota, USA. This routine is very character driven. The character was created when he thought, "I'll be a nervous, 15-year-old boy on stage anyway, so let's do it on purpose." There is a lot of movement, and sometimes it can make Daniel tired when he runs it for too long. Daniel has been juggling for three years with a group called Jugheads, where he practices on Tuesdays and Wednesdays after school and Thursday nights. He has performed this routine seven times on stage including at the Jugheads' big show, Juggle Jam.

Festival Checklist, by Don Lewis

There are just a few weeks left to get ready for the trip to Quebec City. The Turbo team is ready and eager to greet everyone. Here are a few reminders to make your trip easier.

You do have your **passport**, don't you ? You will need it to enter Canada, and you will need it to return to your own country. US citizens do not need a visa, but citizens of other countries may.

If you are driving to the festival, make sure your **auto insurance** extends to Canada. Most policies do, but your insurer may need to provide you with a special proof of insurance certificate for international travel.

Check out your **health insurance** and understand what it covers when you are traveling. Consider supplemental coverage.

Check with your bank to see if you can use your **debit card** in Canadian Bank machines. Most automatic teller machines are on international bank networks and foreign cards work with no problem at all. Some banks may charge a special fee for off-network transactions.

Are you **traveling with minors** (under 18) who are not part of your family? In addition to their passport, you should have a notarized authorization from *both*

their parents for travel to Quebec, *and* an authorization for emergency medical treatment.

The US dollar is currently trading at a premium to the Canadian Dollar. You may find some bargains that you want to take home with you. Check out your **duty free** allowance before you leave home to avoid paying a penalty as you return.

You can import small amounts of alcohol for personal use. Spirits are generously taxed in Quebec so it may be cheaper to bring your own. Beer and wine is available in grocery and convenience stores.

If you use **prescription medications**, then make sure you have an adequate supply with you. Quebec pharmacies cannot fill prescriptions written by doctors that are not Quebec licensed.

Leave any recreational drugs at home. There is zero tolerance for the importation of illegal substances - even small amounts for personal use. The consequences are dire.

Do NOT bring a **radar detector** into the Province of Quebec. The fine is \$1500 plus confiscation of the device and potentially the loss of your vehicle.

Finally, the festival is in **Quebec City**, NOT Montreal.

At a Festival, Juggling Props All Look The Same ***Label Your Stuff !***

Are you crossing a border to get to the festival in Quebec City? Then take a picture of your juggling impedimenta before you leave home. Include your local newspaper in the picture. It will help you to prove to a zealous customs agent that you didn't buy everything new in Canada. If you are really paranoid, you can stop at export control as you leave your country and get them to stamp the photo.

But really, most of your stuff is probably so beaten up that no-one is going to believe that you just bought it.

Having a Juggling Festival? List it here!

If you're organizing a juggling festival (or if you simply know of a juggling fest) and you want to advertise it in the IJA eNewsletter, just drop a note to eNewsletter editor Don Lewis enews@juggle.org. Such listings are free.

The eNewsletter generally comes out near the end of each month. Your festival can be listed for a few months, and you don't have to be an IJA affiliate to have a fest listed. Hey, jugglers want to know about juggling fests. Help them out and get more jugglers to your fest at the same time.
